April 2014

ELEMENTARY I & II AND EARLY CHILDHOOD PROGRAMS M.A.C.T.E. REACCREDITATION

We are very proud to share with you that our Elementary I & II and Early Childhood Programs had a successful and affirming on-site visit for the reaccreditation process. We enjoyed meeting and sharing with the M.A.C.T.E. on-site team of Chandra Fernando, Alan Koesten and Regina Lulka and thank them for giving their time and high praises to TMI.

The team commended us for the strength of our programs, as they exemplify the rigorous standards set by M.A.C.T.E. Our Lab School, TMS School, was recognized for the important role it plays in the transition from technicians to professionals. TMI students attributed their preparation to enter the workplace to the experience gained through this model.

We credit our success to all who support us each day as we work collaboratively toward furthering Montessori Education.

Become part of the TMI success story!

Broaden Your Range of Employment Possibilities

Apply Now for TMI Summer Programs

Elementary (9-12) Summer Mode Course Open to Lower Elementary (6-9) Teachers June 30 - August 15, 2014

The TMI Elementary I & II (6 through 12) Program provides you with a full range and vision of the Elementary aged student.

The TMI Elementary 9-12 component, offered Summer 2014, prepares you to build on your Lower Elementary (6 through 9) training and experience to complete the Elementary cycle. You will be part of a rich educational experience that can be shared with your students.

Don't miss this opportunity to be prepared to gain employment at both Levels, 6-9 and 9-12.

Infant and Toddler (Birth to 3 Years) Summer Mode Begins on July 2, 2014

The Infant and Toddler Course is an intensive summer mode program designed to prepare you to teach children from birth to three years of age.

It is an ideal education opportunity to broaden your range of employment possibilities.

During the summer component you will be introduced to the theory and pedagogy for both the Infant and Toddler age groups. The TMI advantage includes practical learning in dedicated Infant and Toddler rooms and the opportunity to observe a fully functioning Toddler Program at TMS School. Your development as an Infant Toddler Montessori educator will be supported through your practicum and weekend sessions. At the end of June, you will return to TMI to consolidate your experiences.

"The hands-on experience that I gained at TMI was most memorable. The learning environment is professional, supportive and organized. The knowledge and understanding of Montessori pedagogy and the positive learning environment gave me confidence going into a classroom after my training was completed."
Christina Del Zotto, TMI Graduate 2013

TMI graduates enjoy an over 90% employment rate within 6 months of graduation!
