

## Infant and Toddler (Birth to 3 Years) Summer Mode Begins on July 2, 2014

*"The hands-on experience that I gained at TMI was most memorable. The learning environment is professional, supportive and organized. I learned how the Montessori Approach is used in the classroom. The TMI course is condensed and cohesive. It teaches techniques and strategies for the classroom. The knowledge and understanding of Montessori pedagogy and the positive learning environment gave me confidence going into a classroom after my training was completed."*

*Christina DelZotto, TMI Graduate 2013*

The Infant and Toddler course is an intensive summer mode program designed to prepare you to teach children from the ages of birth to three years of age. It is an ideal educational opportunity to broaden your range of employment possibilities.

During the summer component you will be introduced to the theory and pedagogy for both the Infant and Toddler age groups. At TMI you will benefit from practical learning in dedicated Infant and Toddler rooms and observe a fully functioning Toddler Program. Your development as an Infant Toddler Montessori educator will be supported through your practicum and weekend sessions. At the end of June, you will return to TMI to consolidate your experiences.

Join us in the summer of 2014 to start your exciting journey towards becoming an Infant Toddler Montessori Educator.

# TMI & TMS SYNERGY

## What a Difference a Term Makes!

In September, TMI welcomed a new group of adult learners with a keen desire to contribute to the care and education of children. As with anything new, they began their journey towards becoming Montessori Educators with excitement and some trepidation. Throughout the Fall Term, with support from each other, their instructors and our Lab School, TMS School, these novice teachers have developed into confident intern teachers. They are now prepared to embark on their first step into the "real world", their Practicum. What a difference a term makes!

## Community Events

### TMS Winter Celebration!

TMI teachers-in-training experienced the spirit of giving by joining the TMS Winter Celebration. One event that delighted all was the opportunity to make a positive difference in the world and in a child's life by building "Toy Mountain".
